

Akbash Puppies for Sale

Pending OFA results, we may have a litter in the fall of 2010. Please email us if you wish to be notified or are interested in reserving a puppy.

Both parents are on premises and currently working sheep and alpacas. Excellent temperaments!! Akbash are successfully protecting a wide range of animals, from traditional farm stock such as sheep and cattle to emus and fancy chickens.

Puppies are wormed and will have their first shots.
